Task Force
focus on developing a set of recommendations and strategies to expand preschool access in Washington County. The Task Force will rely on the guidance of work groups of parents, early learning professionals, and community members to make program and policy recommendations that are informed by best practice and community wisdom.

Policy & Program Workgroup to advise the Task Force that will be responsible for:
• Developing recommendations for Preschool for All Washington County’s program model, including eligible program settings, dose and duration, learning and development standards, and quality criteria for participation.
• Developing recommendations for Preschool for All Washington County’s workforce development model, as well as teacher/assistant credential and compensation requirements.

Infrastructure & Administration Workgroup to advise the Task Force that will be responsible for:
• Conducting an analysis of infrastructure needs in order to scale a universal preschool program in Washington County.
• Developing criteria for the competencies of Preschool for All Washington County’s potential administrative body.
